

# UNION PACIFIC

## Sub-Contractor/Vendor Profile

Union Pacific is currently seeking qualified, New Mexico sub-contractors/vendors for their rail facility project in Santa Teresa. This is the first in a series of contractor identification needs they have and this list will likely expand over the next several years. In this Phase I request they are **ONLY** searching for companies with work experience in the following areas:

- Mechanical - HVAC
  - Dry wall
  - Masonry
- Electrical - Industrial Site and Building
  - Landscapers
  - Concrete and Asphalt Paving
- Painters - Interiors
  - Building Construction
  - Pavement Striping

All completed profiles will be provided to Union Pacific's General Contractors as part of their pre-bid package.
